---

**Ms. Mrudula Praveena Killi** has been working as a Lecturer at Dr. Lankapalli Bullayya College since 2017. Currently pursuing her Ph.D. from GITAM Institute of Sciences at GITAM University, she holds an M.Sc. (Tech.) in ESD & DSP from Andhra University, where she graduated with an impressive 90% in 2011.

Her expertise covers a wide range of subjects, including Circuit Analysis, Electronic Devices and Circuits, Digital Electronics, Embedded Systems, and more. She is also proficient in MS Office and C programming, further enhancing her teaching capabilities.

In addition to her academic contributions, she has worked on several technical projects, including a Wireless AC Motor Controller using an RF Controller and a Blind Navigation Detector utilizing a microcontroller. Her dedication to student growth and excellence makes her a valuable asset to her institution.
