---

**Dr. B. Madhavi** is an Assistant Professor in Environmental Sciences at Dr. Lankapalli Bullayya College, where she has been a faculty member since 2007. With 20 years of experience in academia, she holds an M.Sc. in Environmental Studies from GITAM (Deemed to be University), a Diploma in Pharmacy, and earned her Ph.D. in Environmental Sciences in 2019.

As a committed advocate for the environment, Dr. Madhavi has served as co-convenor of the Green Club, where she organises awareness campaigns, quiz competitions, and plantation programmes to celebrate environmental days. She also coordinates the college's Women Empowerment Cell, facilitating workshops and lectures on organic farming and protein-based foods. In 2019, she led a national webinar, "Nurture the Nature," reflecting her dedication to environmental stewardship.

Dr. Madhavi has also contributed to skill development, teaching subjects like fruit and vegetable preservation, food adulteration, and plant nursery management. She encourages students to engage in practical projects, such as purity testing for foods and creating plant nursery beds. Her teaching approach fosters a hands-on, creative learning environment, enhancing students' skills while instilling a commitment to sustainability. Dr. Madhavi's passion for education and her focus on environmental advocacy make her a valuable member of her institution.
