G. ROJA MANI
Designation: Lecturer
email: grojamani@lbc.edu.in

Mrs. G. Roja Mani is a academic professional with 30 years of teaching experience, currently serving as a Lecturer in the Department of Computer Science at Dr. Lankapalli Bullayya College, Visakhapatnam. She holds an MCA from Andhra University and an M.Phil. in Computer Science from Madurai Kamaraj University. Her career reflects a strong commitment to education, with leadership roles such as Assistant Coordinator for B.Sc. courses and Counsellor for MCA courses at IGNOU. She also served as the Head of the Department of Computer Science.

Mrs. Roja Mani has made significant contributions to the academic community, including paper publications on machine learning and intrusion detection. Her published works include books on Operating Systems, OOPs using Java, PHP, and Cloud Computing. She has also actively participated in workshops, webinars, and faculty development programmes, continuously expanding her expertise.

Her accomplishments include receiving the "Indian Achievers' Award for Education Excellence" in 2020. Throughout her career, she has been involved in curriculum development as a Board of Studies member and contributed to the examination process as a chief examiner. Her dedication to teaching and research has earned her recognition in the field of computer science, and she remains actively involved in advancing her students' academic and professional growth.
