

B. APPALANARASAYYA

Designation: Lecturer

email: anr@lbc.edu.in

Mr. B. Appalanarasayya is a Lecturer at Dr. Lankapalli Bullayya College with over eight years of experience in network design, implementation, and support. He holds a Master of Computer Applications (MCA) and is a Cisco Certified Network Associate (CCNA), equipping him with a strong foundation in network administration and troubleshooting.

His career began in 2009 as a System Administrator at Pydah College of Engineering & Technology, where he handled operating system installations, hardware configuration, and LAN/WAN networking. His responsibilities included managing B.Tech. online examinations, conducting troubleshooting, and performing cabling for seamless connectivity across devices. In 2016, he joined Dr. Lankapalli Bullayya College, where he continues to oversee LAN and WAN setup, configure Cisco and HP switches, and ensure reliable network connectivity.

Mr. Appalanarasayya's technical expertise includes configuring and maintaining various network devices, including Cisco RV series routers and Catalyst switches, with a focus on VLAN setup and troubleshooting. Known for his analytical approach, he effectively resolves issues through remote support, ensuring efficient, high-performance solutions.
