

KAVYA BURAGANA
Designation: Assistant Professor
email: kavyaburagana@gmail.com

Ms. Kavya Buragana holds an M.Sc. in Biotechnology from Andhra University and a B.Sc. in Biotechnology from Utkal University, both achieved with First Division Honors. She qualified for APSET in 2024 and currently serves as an Assistant Professor in the Department of Biotechnology at Dr. Lankapalli Bullayya College. With over a year of academic and research experience, she has contributed to curriculum development, mentored students, and conducted research on the antimicrobial properties of *Andrographis paniculata*.

She is actively involved in academic workshops, seminars, and webinars, ensuring she remains updated on the latest advancements in biotechnology. Her dedication to the field is evident through her numerous achievements. She was awarded the prestigious Maulana Abul Kalam Azad Academic Merit Award in 2021 for excellence in M.Sc. Biotechnology, and she ranked among the top 10 in her B.Sc. Biotechnology (Hons) program at Utkal University.

She is passionate about inspiring students through innovative teaching methods and is eager to expand her research contributions to the biotechnology field. Her commitment to education and research reflects her drive to push the boundaries of biotechnology and make a meaningful impact in the academic community.
