

Dr. K.A.K. RAJ KUMAR

Designation: Assistant Professor

email: rajkumar@lbc.edu.in

Dr. K.A.K. Raj Kumar is an Assistant Professor in Chemistry at Dr. Lankapalli Bullayya College, where he has been teaching since 2021. He holds an M.Sc. in Analytical Chemistry from Acharya Nagarjuna University, which he completed in 2005, and a B.Ed. from Andhra University, completed in 2003. Dr. Raj Kumar earned his Ph.D. from Acharya Nagarjuna University in 2018, with his research focusing on the thermo-physical and spectral properties of certain ethyl lactate binary liquids, aiming to evaluate molecular interactions.

With 19 years of teaching experience, Dr. Raj Kumar has contributed significantly to his field through his academic work. He has published 13 research papers and has attended four seminars and workshops, which reflect his commitment to ongoing professional development. His experience spans both teaching and research, providing a solid foundation for his role in higher education. Dr. Raj Kumar's expertise in analytical chemistry and his dedication to education have made him a valuable member of the academic community at Dr. Lankapalli Bullayya College. His academic journey and professional contributions reflect his deep engagement with his field and his commitment to advancing knowledge in chemistry.
