

B. N. V. L. GAYATRI SURAMPUDI

Designation: Lecturer
email: sgayatri@lbc.edu.in

Mrs. B. N. V. L. Gayatri Surampudi is a chemistry teacher with a strong academic background and extensive teaching experience. She is currently working as a Lecturer at Dr. Lankapalli Bullayya College, Visakhapatnam, since December 2017, specializing in Organic Chemistry, particularly Organic Spectroscopy and Heterocyclic Chemistry. In her role, she also guides postgraduate students through practical demonstrations.

Her previous roles include working as a Lecturer at M.V.R. Post Graduation College, teaching Organic Chemistry, and as a Chemistry PGT at Rabindranath World School, Gurgaon, where she taught classes 9 through 12 and served as an Examination In-charge. She also has experience as a Content Developer at Axylyn, Gurgaon, and has taught at Ascent Institute and M.V.R. Post Graduation College earlier in her career.

Gayatri holds an M.Sc. in Organic Chemistry from Andhra University, a B.Ed. from Maharshi Dayanand University, and an M.Phil. in Environmental Chemistry from Vinayaka Mission University. Currently, she is pursuing a Ph.D. in Chemistry from Mangalayatan University. Additionally, she has participated in various training programmes and industrial tours, including training on Mass Spectrophotometers at GSI, Hyderabad.
