PNS ■ VIJAYAWADA

"The objective of the programme was to make useful items out of plastic water bottles," said Dr. Nandani Salaria, Curator, IGZP.

She said that about 250 NSS volunteers from Bullayya College participated in the event. In view of the upcoming summer season, nests have been made to accommodate

the birds and also made bird feeders.

"Plastic pollution is one of the major problems our society is facing today and we have to come up with innovative ways to solve this problem. At the same time, everyone should reduce the use of single-use plastic items in their daily lives. Damaged and unwanted plastic items should be recycled as this small act would help to reduce the consumption of plastic materials," she added.
