One Day Seminar on

**“ HRM IN NEW AGE ENVIRONMENT:
THEORY AND RESEARCH”**

29th July, 2019

Organised by

Department of Management Studies &
Department of MHRM
Dr.Lankapalli Bullayya College
Visakhapatnam – 530013

Dr.LankapalliBullayya PG College was
established in 1994 the Society for Collegiate
Education for fulfilling the needs of Post Graduate
Education in the North Coastal Districts of Andhra
Pradesh. The College is affiliated to Andhra
University and recognized by AICTE.

ABOUT THE DEPARTMENTS

The two year Master of Business Administration (MBA) programme is affiliated to Andhra University and approved by AICTE, a statutory part of the Ministry of Human Resource Development (MHRD), New Delhi. The program offers Marketing Management, Financial Management and Human Resource Management specializations. In order to integrate core business fundamentals with the needed specialized skills, the department offers add-on courses with special attention to Soft skills and Communication skills, and activities that support dynamic learning in order to prepare students for the constantly changing business environment.

The Department of HRM was established in the year 2008 and offers two years post graduation course in Master of Human Resource.

ABOUT THE SEMINAR

Human resource management is a vast area that covers the entire expanse of an organization. It is a profession that is becoming increasingly important day by day. The application of theoretical concepts

The research problems identification and formulation of research design for HRM issues in new dynamic environment is complex. The participants to learn the theoretical aspects and how to apply with appropriate research methods in different HR environments.

Learning Objectives:

The participants will learn how to

- Acquired knowledge about the latest new theoretical insights in Industrial Relations and Conflict Resolution.
- Exposure to the latest research problems and methods in HRM.
- Ability to assess the research environment related to the Human Resource Management Operations.
- Hands on testing of the acquired knowledge on research methods for HRM with self assessment questionnaire.
- Practical issues connecting with ethics, copyrights and intellectual property.

Who should attend:

- Students of UG and PG Commerce and Management Studies (MBA, MHRM, M.Com, BBA, B.Com)
- Faculty of UG and PG Commerce and Management Studies

Time and Venue:

10: 00 AM, 29th July, 2019,
Seminar Hall, Block 2,
Dr.LankapalliBullayya College,
Visakhapatnam

A ONE DAY SEMINAR ON "HRM IN NEW AGE ENVIRONMENT: THEORY AND RESEARCH"

ON 29th JULY 2019

Programme Schedule

Date: 29th July, 2019

Inauguration: 10:00 AM to 10:40 AM

- Welcome Note: 2 min
- Co-ordinator address: 5 min
- President remarks: 10 min
- Chief Guest remarks: 15 min
- Vote of Thanks: 5 min
- Tea break: 20 min

TECHNICAL SESSION:

Session 1: 11:00 AM to 1:00PM

Keynote address by the Resource Person, Prof. A.M. Sarma on " HRM IN NEW AGE ENVIRONMENT: THEORY AND RESEARCH"

Lunch Break: 1:00 PM to 2:00 PM

Session 2: 2:00 PM to 3:00 PM

Hands on Practical Training on formulating research proposal

Session 3: 3:00 PM to 3:30 PM

Remarks of the Resource Person on the Outcomes of Practical Training on HRM Theory and Research

Valedictory: 3:30 PM to 4:00 PM

- Welcome Note: 2 min
- Co-ordinator address: 5 min
- Presentation of memento to the Resource Person: 5 min
- Vote of Thanks: 3 min

ABOUT THE COLLEGE

Dr. Lankapalli Bullayya College was, established by "Society for Collegiate Education" is a leading institution in Visakhapatnam. The College has been accredited by NAAC with 'A' grade in 2016 and has student strength of 7500 and 400 teaching staff and non – teaching staff. It is affiliated to Andhra university (UG, PG courses and Research centre).

The Department of Microbiology (PG), established in April, 2001, has completed 22 academic years of excellence in academics and job placements. Every year the department conducts Seminars, workshops, poster and quiz competitions at regional level to bring awareness among the college students about the latest happenings in the field of Microbiology.

ABOUT THE WORKSHOP

1. Understanding the **Research methodology**
2. Demonstrate how to work with Prism soft ware
3. Analyse data and generate report by using Prism soft ware
4. Understanding the how to apply rules and regulations while writing a research paper

Topics Covered:

Module1: Research methodology

Module2: Biostatistics to present the data

Module3: Awareness of Prism soft ware to handle data

Module4: Rules and regulations to be followed while writing a research paper

Objectives of the workshop

1. To enable the students to write research paper.
2. To learn Biostatistics for meaningful interpretation of the research data.
3. To make the students access and handle with large complex data by using Prism software.
4. To give hands on experience to write and publish research paper in accredited journals.

ABOUT THE COLLEGE

Dr. Lankapalli Bullayya College was established by "Society for Collegiate Education" is a leading institution in Visakhapatnam. The College has been accredited by NAAC with 'A' grade in 2016 and has student strength of 7500 and 400 teaching staff and non-teaching staff. It is affiliated to Andhra University (UG, PG courses and Research Centre).

The Department of Computer Science (UG), established in the year 1988-1989, has completed 25 academic years of excellence in academics and job placements. Every year the department conducts Seminars, workshops, to bring awareness among the college students about the latest happenings in the field of Computer Science.

ABOUT THE SEMINAR

Machine learning (ML) is a type of artificial intelligence (AI) focused on building computer systems that learn from data. The broad range of techniques ML encompasses enables software applications to improve their performance over time. Machine learning is a rapidly growing field with many exciting developments and research opportunities.

Machine learning is widely used in many industries, including healthcare, finance, and e-commerce. By learning machine learning, you can open up a wide range of career opportunities in these fields.

OBJECTIVES OF THE SEMINAR

The primary objective is to spread awareness on self-care and preventive measures training to educational professionals within the campus.

1. The machine learning objective must be to use that insight to change the way you do business..
2. The primary purpose of **machine learning** is to discover patterns in the user data and then make predictions based on the search and intricate patterns for answering business questions and solving business problems. Machine learning helps in analysing the data as well as identifying trends.
3. The other purpose is to make predictions for future outcomes based on these models.

A ONE DAY SEMINAR ON “RESEARCH METHODOLOGIES IN MACHINE LEARNING”
ON 10TH AUGUST-2019

Program Schedule

Date: 10.08.2019

INAGURATION : 09:00 am – 09:30 am

- Introductory Note : 5 mins
- Addressal by HoD : 5 mins
- Vote of thanks : 5 mins
- Tea Break : 15 mins

TECHNICAL SESSION :

Session I : 09:30 am to 10:30 pm

Talk by Resource Person on, “Python basics, Using Numpy-Pandas, Data Visualization”

Session II : 10:30 am to 10:30 pm

PowerPoint Presentation on “Machine Learning and its Applications”

Lunch break : 12:30 pm to 1:30 pm

Session III : 1:30 pm to 3:00 pm

Hands-On Practical Session

Departing Note : 3:00 pm to 3:30 pm

Certificate Distribution.

PROGRAM REPORT

TITLE OF THE TOPIC “One Day Seminar On
Research Methodologies on Machine Learning”

Department: COMPUTER SCIENCE		Date: 10-08-2019
Class/Target audience	3 rd Year BSc CS students	
Name, Designation and Professional Detail of the Resource Person: Sri. D. Santosh Kumar Assistant professor Dept. of Computer Science A.V.N College Visakhapatnam Mobile no: 7384464230 Mail id: santhoshkumard@gmail.com	Programme Coordinator G. Rojamani Dept. of Computer Science Mobile no: 9490109343 Mail id: rojamanig@lbc.edu.in	

SYNOPSIS OF THE SEMINAR TOPIC

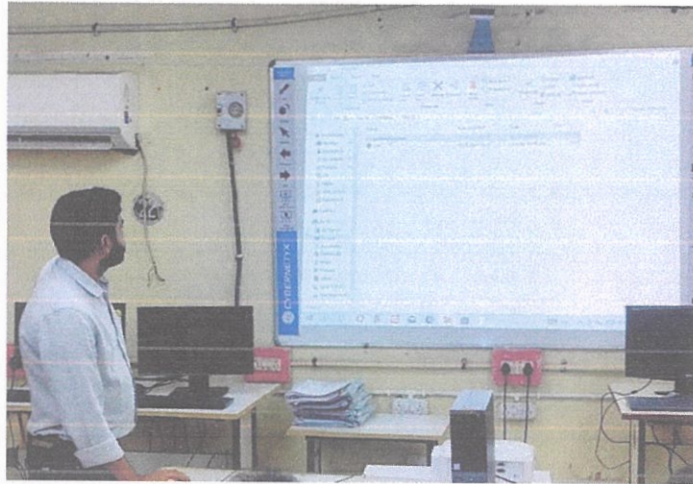

Topics which are covered during Workshop:

- Python Basics, Data Processing using Numpy-Pandas, Data visualization
- Introduction to Machine Learning
- Linear Regression, Gradient Descent Algorithm
- Housing Prices Prediction Project
- Some more Algorithms from Supervised & Unsupervised learning (K Means & KNN)

PRINCIPAL

VISAKHAPATNAM

PHOTOGRAPHS OF THE EVENT

Resource Person Comments/Feedback: I am feeling happy to be a part of the seminar which is going on in a well reputed organization like Dr. Lankapalli Bullayya College. Students are quiet enthusiastic and their energy is really awesome and the way students interacted with me make me feel happy.

Participants for the Seminar

- Students of UG and PG Computer science
- Faculty of UG and PG Computer science
- Total no of participants: 50

Learning outcomes

Target students will learn about the following points

1. To use that insight to change the way you do business
2. Machine learning is used to discover patterns in the user data and then make predictions
3. Machine learning helps in analyzing the data as well as identifying trends.
4. The other purpose is to make predictions for future outcomes based on these models

ABOUT THE COLLEGE

Dr. Lankapalli Bullayya College was, established by “Society for Collegiate Education” is a leading institution in Visakhapatnam. The College has been accredited by NAAC with ‘A’ grade in 2016. It is affiliated to Andhra University (UG, PG courses and Research Centre).

The Department of Microbiology (UG), established in the year 2002, has completed 21 academic years of excellence in academics. Every year the department conducts Seminars, guest lectures and Nutritional week to bring awareness among the college students about the latest innovations in the field of Biotechnology.

VIZAG, THE CITY OF DESTINY

Visakhapatnam Port is the fifth-busiest cargo port in India. The city is a major tourist destination and is known for its beaches, ancient Buddhist sites, and the natural environment of the surrounding Eastern Ghats.

Visakhapatnam The name was coined after Visakha, the Hindu god of valour. It is surrounded by Eastern Ghats and faces Bay of Bengal on the east. It is also called the City of Destiny, because of its landscapic view and very attractive beaches. It is the headquarters of Eastern Naval Command.

ABOUT THE SEMINAR

Biochemical studies or biochemical techniques rely on the availability of appropriate analytical techniques and their applications. This undergraduate course deals with different biochemical techniques such as spectrophotometry and chromatography to gain knowledge of biomolecules such as proteins, lipids, carbohydrates, nucleic acids, and their functions. So, this seminar might help the students to understand the importance of all the biochemical techniques.

PROGRAM REPORT

**TITLE OF THE TOPIC “One Day Seminar on
Research Methodologies of Biochemical Techniques”**

Department: MICROBIOLOGY(UG)		Date 21-08-2019
Class/ Target audience	Life science students	
Name, Designation and Professional Details of the Resource Person: Dr. Manyasree Dekonda Assistant professor Dept. of Biotechnology ST. Joseph’s College for Women Visakhapatnam Mobile no: 7382293490 Mail id: manyasree.dekonda@gmail.com	Programme Co-ordinator: CH. Sireesha Dept. of Microbiology Mobile no: 7207903999 Mail id: sireeshach@lbc.edu.in	

SYNOPSIS OF THE SEMINAR TOPIC

As a life science graduate student, it is important to be familiar with a variety of biochemical techniques.

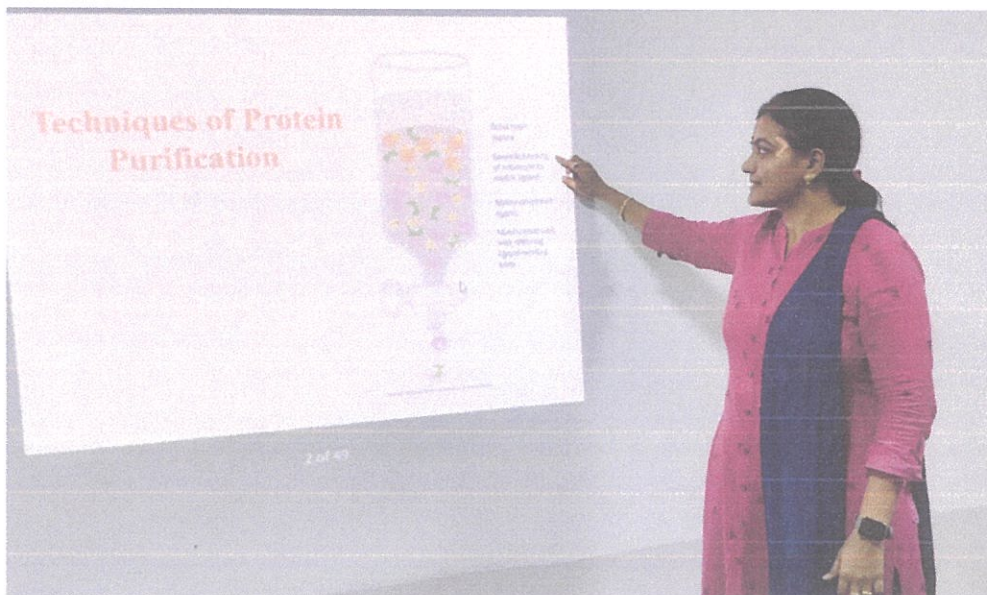

Biochemical techniques are methods used in the laboratory to study biochemical processes. These techniques can be used to identify the chemicals involved in a biochemical reaction, measure the rate of a biochemical reaction, or determine the structure of a protein or other molecule like DNA and RNA.

Biochemical techniques are Protein Purification, Differential Centrifugation, Protein assays, Western, Southern and Northern blotting, chromatography techniques, Gel filtration chromatography, Protein crystallography, PCR, Ligation and transformation, Spectroscopy and Electrophoresis are generally used in laboratories.

ABOUT THE COLLEGE

Dr. Lankapalli Bullayya College was, established by "Society for Collegiate Education" is a leading institution in Visakhapatnam. The College has been accredited by NAAC with 'A' grade in 2016. It is affiliated to Andhra University (UG, PG courses and Research Centre).

The Department of Chemistry (UG), established in the year 1994, has completed 29 academic years of excellence in academics. Every year the department conducts Seminars, Guest lectures, Quiz Competitions and Student Seminars to bring awareness among the college students about the latest innovations in the field of Chemistry.

VISAKHAPATNAM

Visakhapatnam Port is the fifth-busiest cargo port in India. The city is a major tourist destination and is known for its beaches, ancient Buddhist sites, and the natural environment of the surrounding Eastern Ghats.

ABOUT THE SEMINAR

Coordination compound, any of a class of substances with chemical structures in which a central metal atom is surrounded by non-metal atoms or groups of atoms, called ligands, joined to it by chemical bonds. Coordination compounds include such substances as vitamin B12, haemoglobin, and chlorophyll, dyes and pigments, and catalysts used in preparing organic substances. The branch of chemistry which dealing with the study of coordination compounds or metal complexes or complex salts is called coordination chemistry. These are having very vast applications in medicines, separations, Purification of metals and catalysis.

OBJECTIVE OF THE SEMINAR

The main objective of the seminar lies to provide the students with the idea of analysing a co-ordination complex and knowing its structural and functional nature of it. They also gain knowledge about the metal-ligands interactions present in that of the complex compounds with its affinities.

VISAKHAPATNAM

PHOTO OF THE EVENT

Resource Person Comments/Feedback:

I appreciate the efforts taken by the institution in organizing this seminar which will surely enlighten the budding young students. My sincere gratitude for the wonderful hospitality.

Participants for the Seminar

- Students of UG and PG Chemistry
- Faculty of UG and PG Chemistry
- Total no of participants: 50

Learning outcomes

Participants learn about

Different theories for the structure of coordination complexes

Structure of coordination complexes based on valency and hybridization

Bonding between metal atoms and ligands

Determination of magnetic nature and shape of the complexes

ABOUT THE COLLEGE

Dr.LankapalliBullayya PG College was established in 1994 the Society for Collegiate Education for fulfilling the needs of Post Graduate Education in the North Coastal Districts of Andhra Pradesh. The College is affiliated to Andhra University and recognized by AICTE.

The two year Master of Business Administration (MBA) programme is affiliated to Andhra University and approved by AICTE, a statutory part of the Ministry of Human Resource Development (MHRD), New Delhi. The program offers Marketing Management, Financial Management and Human Resource Management specializations. In order to integrate core business fundamentals with the needed specialized skills, the department offers add-on courses with special attention to Soft skills and Communication skills, and activities that support dynamic learning in order to prepare students for the constantly changing business environment. Students are groomed to sharpen their leadership qualities, decision making skills, strategic & analytical skills, social and interpersonal skills, cosmopolitan outlook, and sense of creativity and innovation.

ABOUT THE SEMINAR

SRI C. S. RAJU., MANAGING DIRECTOR, PORT, IS resource person to the seminar. The seminar aims to empower participants with the knowledge, skills, and insights they need to communicate effectively in the digital era, enabling them to thrive personally and professionally in an increasingly digital world.

OBJECTIVES OF THE SEMINAR

1. Educates participants about the current trends, technologies, and platforms shaping communication for entrepreneurs in the digital age.
2. Provides tips and techniques for crafting clear, concise messages that resonate with digital audiences.
3. Helps in Exploring strategies for engaging digital audiences, such as storytelling, interactive content, and social media engagement.

ABOUT THE COLLEGE

Dr. Lankapalli Bullayya College was, established by “Society for Collegiate Education” is a leading institution in Visakhapatnam. The College has been accredited by NAAC with ‘A’ grade in 2016. It is affiliated to Andhra University (UG, PG courses and Research Centre).

The Department of Zoology (UG), established in the year 1998, has completed 25 academic years of excellence in academics. Every year the department conducts Seminars, Guest lectures, Field Trips, Quiz Competitions and Students Seminar to bring awareness among the college students about the latest innovations in the field of Zoology.

VIZAG, THE CITY OF DESTINY

Visakhapatnam Port is the fifth-busiest cargo port in India. The city is a major tourist destination and is known for its beaches, ancient Buddhist sites, and the natural environment of the surrounding Eastern Ghats.

ABOUT THE SEMINAR

Department of Zoology (UG) is going to organize a seminar on A Seminar On “Philosophy, Research Methods and Ethics in Science” for the B.Sc. students on 03.02.2020. Students can attain the knowledge of conducting research and work ethics that often play a role in specifying the question, designing the study, consent methods, statistical methodology and interpretation of the result. All the students from life sciences stream can participate and get enlightened with the knowledge shared.

OBJECTIVE OF THE SEMINAR

The main objective of the seminar lies to teach the students about the ethical aspects of performing an activity and not effecting the mankind or any other organisms that have a life. It also provides information on how to draft a research paper or thesis with all the necessary aspects.

PROGRAM REPORT

TITLE OF THE TOPIC **“One Day Seminar on
Philosophy, Research Methods And Ethics in Science”**

Department: ZOOLOGY		Date: 03.02.2020
Class/ Target audience:	B.Sc. Students	
Name, Designation and Professional Details of the Resource Person: Dr. Sailaja Bade Guest Lecturer Department of Zoology Andhra University Visakhapatnam	Program coordinator Dr. P. Surekha Assistant professor, Department of Zoology Dr. Lankapalli Bullayya College Visakhapatnam	

SUMMARY/SYNOPSIS OF THE SEMINAR TOPIC

Research is the pillar of knowledge that constitutes an integral part of progress. Ethical issues play a role throughout all phases of research. In conducting research, ethical aspects often play a role in specifying the question, designing the study, consent methods, statistical methodology and interpretation of the result. And in publishing research ethical consideration are essential.

Dept. of Zoology (UG) organised a seminar on “**Philosophy, Research Methods and Ethics in Science**” for the B.Sc. students on 11.02.2019. The resource person Sailaja Bade, Guest Lecturer, Department of Zoology, Andhra University, Visakhapatnam was invited for the lecture. She discussed the role of research in a good society and gave information on how to recognise and handle ethical challenges that may occur in different stages of research. All the students from life sciences stream participated and got enlightened with the knowledge shared.

It is affiliated to Andhra university (UG, PG courses and Research centre).

The Department of Biotechnology (PG), established in the year 2008, has completed 10 academic years of excellence in academics and job placements. Every year the department conducts Seminars, workshops, poster and quiz competitions at regional level to bring awareness among the college students about the latest happenings in the field of Biotechnology.

ABOUT THE SEMINAR

Health is defined as a state of complete physical, mental, social being and not merely the absence of disease or infirmity. Physical health and mental health are inter related. Disease is just opposite of health i.e any deviation from normal functioning or state of complete physical and mental wellbeing.

Health education plays an important role in the community hygiene. To prevent illness and have positive health, correct and complete knowledge of health indicators is necessary. Health is indicated by various parameters preferentially by BMI can be tested by instruments or biochemically by clinical tests.

OBJECTIVES OF THE SEMINAR

The primary objective is to spread awareness on self-care and preventive measures training to educational professionals within the campus

1. To impart a scientific understanding about health and hygiene.
2. To understand the concept of personality development; nature versus nurture.
3. To learn the techniques of coping with stress and maintain a balanced relationship between personality, stress and coping with health.
4. Promotion of Mental and Emotional Health. Mental and emotional health is also equally important along with physical health.
5. To enable the students to arrive at suitable conclusions based on scientific knowledge and take action accordingly.

DEPARTMENT OF BIOTECHNOLOGY

A ONE DAY SEMINAR ON “RESEARCH METHODS IN HEALTH AND HYGIENE”

PROGRAM OUTCOME

The participants could understand

- The scientific know how of health and health indices
- The skills needed for identification of life style disease and infections.
- The preventive measures and strategies that are handy by nutrition, balanced diet and exercise care.
- The Role of wellness coach and other knowledge portal for personal health care
- The Approaches maintain a good health and hygiene
- The significance of ecofriendly biocare products.

Participants

- Students of UG and PG life science
- Faculty of UG and PG life science
- Total Number: 100
