Taking into consideration the Global Pollution levels many organisations and nations are trying their best to bring down their Carbon Footprint. To preserve our nature it has been resolved that we need to recycle and reuse many of our products which otherwise can cause extremely harmful effects on the overall balance of the Globe. Hence, the concept of Global Recycling has become a major phenomenon. Our college which has a proud culture of eco-friendly premises and activities has on 13th March, 2022 encouraged our NSS Volunteers to take part in an activity organised by the Indira Gandhi Zoological Park i.e., Bird feeders, nest and plant holders with plastic bottles. 38 of our NSS volunteers of Dr.Lankapalli Bullayya College actively participated in the event and show-cased their talents.

A lesson in recycling plastic

PNS ■ VIJAYAWADA

In view of Global Recycling Day on March 18, the Indira Gandhi Zoological Park, Visakhapatnam, organised an innovative event named 'Best out of Waste' at Bioscope on Sunday. "The objective of the programme was to make useful items out of plastic water bottles," said Dr. Nandani Salaria, Curator, IGZP.

She said that about 250 NSS volunteers from Bullayya College participated in the event. In view of the upcoming summer season, nests have been made to accommodate

the birds and also made bird feeders.

"Plastic pollution is one of the major problems our society is facing today and we have to come up with innovative ways to solve this problem. At the same time, everyone should reduce the use of single-use plastic items in their daily lives. Damaged and unwanted plastic items should be recycled as this small act would help to reduce the consumption of plastic materials," she added.

Assistant Curator Uma Maheswari, zoo education team and zoo volunteers also participated in the event.

Student embarks on 11,000- km drive to promote soil conservation

Correspondent of Dr. Lankapalli Bullayya College G. Madhu Kumar flagging off the bike expedition of B. Sai Sampath in Visakhapatnam on Monday.

SPECIAL CORRESPONDENT VISAKHAPATNAM

A second-year degree student from Dr. L. Bullayya College B. Sai Sampath embarked on a solo motorcycle trip to Ladakh and back to Kanyakumari, from the city here on Monday.

Sampath will cover about 11,000 km during his 45-day tour.

Proceeding from Visakhapatnam, he will drive across almost nine States covering Hyderabad, Nagpur, Agra, Delhi, Jammu, Ladakh, Manali, Spiti Valley and then drive down to south in the same route and proceed to Coimbatore, Madurai and

Kanyakumari. He will be back to Visakhapatnam after touching Chennai.

Flagging off the biker, Secretary and Correspondent of the college G. Madhu Kumar said it is good to see youngster taking up issues and going on adventure trips.

Earlier, a couple of months ago, Sampath had cycled all the way to Kanyakumari from Visakhapatnam to spread awareness on eradicating plastic waste.

"This time, I will spread the message on the importance of soil conservation and organic farming," said Sampath.
